## Products

I provide prints of canvas, poster, giclee, photo and other merch like seen above as long as the image isn't copyrighted. This is outside of the hourly rate fee and cost extra. Feel free to print the work yourself with the included file.

## Policy

If I'm unable to work on a project I will let you know and refer someone to assist. Also, I may exercise my right to not accept commissions due to workload and personal obligations.

The hourly rate is dependent on the complexity of the requested work. If it is within my skill set and I deem it fairly simple it should take no more than 4-5 hours of drawing time. If it is complex it may take me up to 10 hours. If I deem it is complex and accept the commission, I may require a deposit of \$50 and **No Refunds** will be provided. A contract will be provided and payment plans offered as well as a certificate of authenticity.

The application I use is Procreate and it documents the Overall Time spent drawing on the app.

The hourly rate is separate from the actual product. IE: Prints or Merchandise requested.
